Re: Regarding the proposed 2017 Joint Meeting

Dear Prof. Korsak,

On behalf of the International Federation of Fertility Societies (IFFS), it is my pleasure to express our excitement regarding the proposed IFFS/RAHR Joint Meeting in St. Petersburg.

The opportunities presented to both RAHR and IFFS by a successful meeting are numerous and obvious to all. This will be the fourth in a series of International IFFS meetings held in conjunction with national societies following successful meetings in Buenos Aires and Yokohama aimed at regional and international delegates.

The details of a proposed joint IFFS/RAHR meeting in 2017 will emerge through mutual discussions but attached are the programmes of the aforementioned meetings to provide a flavour of the scope envisaged.

We look forward to hearing your response to this proposal and following this would like to set a meeting with the IFFS/RAHR leadership in order to discuss the details of this proposed meeting for 2017.

Thank you again for your active participation in this exciting collaboration.

Yours sincerely,

Joe Leigh Simpson, MD, FACOG, FACMG
President
International Federation of Fertility Societies
